REPAIRING OUR ROADS

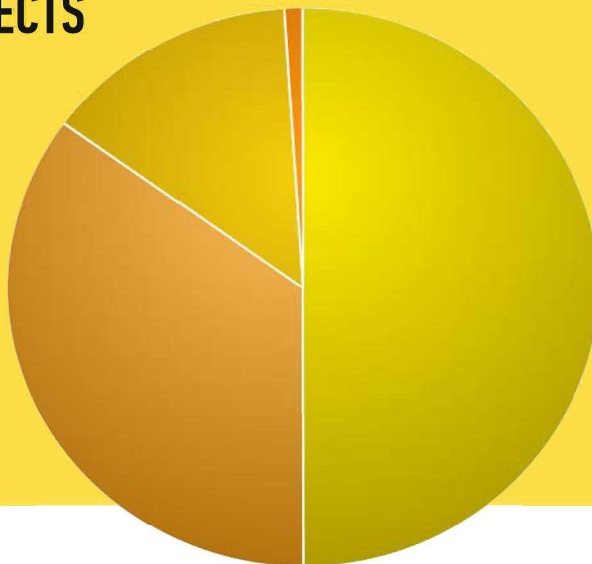

TULARE COUNTY'S TAX DOLLARS AT WORK

Measure R has transformed transportation in Tulare County, delivering projects which never would have been possible, thanks to 67% of voters passing it in 2006, bringing in \$652 million over 30 years.

14% towards **BIKE,
TRANSIT,
& ENVIRONMENTAL
PROJECTS**

1% towards **ADMINISTRATIVE COSTS**

PROJECTS**

SR-99 ONGOING IMPROVEMENTS

SR-99 is the backbone for goods movement in Tulare County, allowing it to be #1 in agriculture in the nation. It also serves as the gateway to the San Joaquin Valley and Sequoia National Park. With population growth of 20.2% between 2000-2010 in Tulare County, SR-99 interchanges and upgrades will help the region.

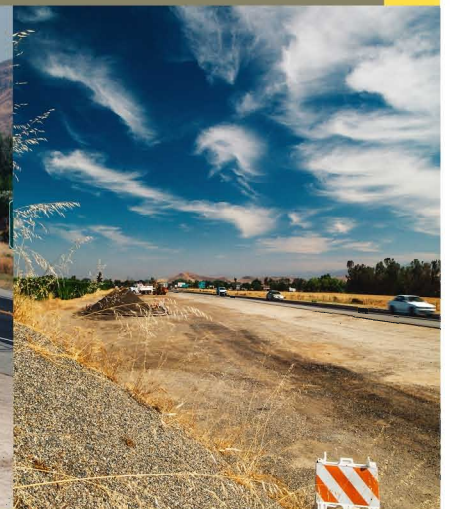

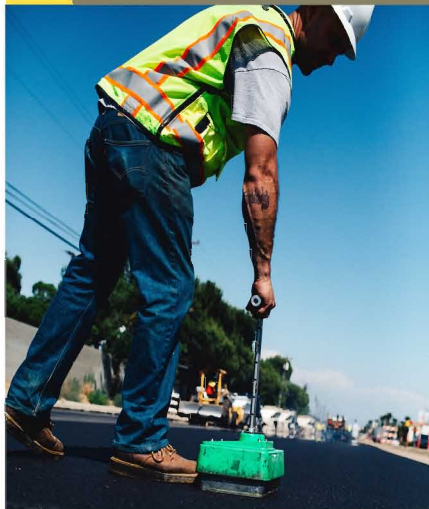

**Forecasted
Growth
2014-2019:**

+6.7%
population

+8.8%
jobs

+16.4%
income

13 WIDENINGS, 4 INTERCHANGES, 3 BRIDGES, & COUNTLESS REPAIRS

The Avenue 416 widening in Dinuba & the SR-190 in Porterville are currently under construction along with other projects made possible through Measure R, often being matched with State or Federal Funds.

SANTA FE & MODOC DITCH BIKE PATHS

Connecting an expansive network of bike paths in Visalia, making the region more bike friendly and encouraging active transportation through Measure R.

NEW TRANSIT CENTERS AND EXPANDED ROUTES COUNTYWIDE

The new or expanded upon Transit Centers in 4 cities has made taking public transit easier and more appealing for residents. Expanded routes, extended operating hours, and new buses were all made possible through Measure R.

PORTERVILLE'S ROUNDABOUT

Drivers were ignoring signs prohibiting turns which led to increased police enforcement, which led to complaints from business owners and motorists. A multi-lane roundabout which increased circulation, safety, and aesthetics was the solution.
